# MASTER TRAILER TERMINAL CHASER™ SET

**Clean and Restore All North American Trailer Connectors—4/5 Flat, 6-Way Round, and 7-Way Flat/Round—With This All-in-One Patented Electrical Pin Cleaning Set**

The **Master Trailer Terminal Chaser™ Set** is a complete solution for cleaning and restoring all common North American trailer connectors. Featuring a patented design, this set includes specialized tools to clean both male and female pins on 4/5 flat, 6-way round, 7-way spade (flat) and 7-way round terminals—plus bullet and butt connectors used in marker and tail light assemblies.

Precision cleaning maintains proper pin dimensions, improves signal continuity and extends harness life. Packaged in a leather-style holster with a magnetic clasp, the set also includes custom-sized swabs for internal debris removal. Perfect for preventive maintenance and field repair.
