Heavy Ranger MUTT® Mobile Universal Trailer Tester

Portable, Water-Resistant Trailer Tester For Lights and Electric Brakes on Commercial Trailers

The Heavy Ranger MUTT® reduces guesswork and saves time by powering each trailer electrical circuit in 7-way round pin arrangements. This allows for proper verification of wiring configuration, ground integrity, short circuit/overload conditions and turn signal simulation. The Heavy Ranger MUTT® features a water-resistant, rugged design, an internal battery compartment and an external 12V power port which can be used as a memory saver, test light supply or battery charge input.

Features and Benefits

- Tests 7-way round pin trailer-side harnesses
- Short circuit protection
- Turn signal simulation and power verification LED
- Includes 500mA Battery Charger
- Water-resistant case
- Internal battery compartment (battery not included)

Specifications

Input:	12V DC
Output:	10A @ 12V DC
Battery Type:	Yuasa YTX14 or Similar (Battery Not Included)
Battery Dimensions:	5 7/8" L x 3 3/8" W x 5 3/4" H
Overload Protection:	Automatic Resetting Thermal Circuit Breaker
Controls:	Manual Control Knob
Materials:	ABS
Weight:	2 lbs. (Empty)
