4.5" DIAMOND CUT-OFF WHEEL

Multi-Use Diamond Cut-Off Wheel for Most Types of Metals

The BrushAll® 4.5" Diamond Cut-Off Wheel features a unique core bonding technology that adheres a medium-grit diamond to the steel core disc. This helps the wheel maintain its size and shape throughout its cutting life, ensuring consistent reach and performance while lasting 60 times longer than standard abrasives. It also reduces the sparks and debris from use for faster and safer cutting. For use with standard angle grinders with 7/8" arbors.

Features & Benefits

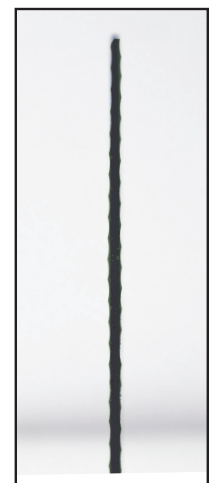

- Thin design engineered for faster cutting and longer wheel life - lasts 60x longer than standard abrasives
- Core bonding diamond technology exposes full diamond particles for maximum performance
- Steel core maintains shape and does not shatter
- Safer for user - less sparks and dust than traditional abrasives
- For use with steel, stainless steel, aluminum, sheet metal, rebar and more

Specifications

Type:	41 Straight Cut-Off
Material:	Core - Steel
Abrasive:	Industrial Diamond
Process:	Core Bonded
Abrasive Areas:	Edge
Grit:	50
Arbor:	7/8"
Max RPM:	13,000
Country of Origin:	China
Warranty:	Wearable Item/New Defective Only

Holes Prevent Overheating and Increase Wheel Life

Thinnest Profile for Fast Cutting
