# PLOW TERMINAL CLEANERS

## Stop the Guesswork and Repair Intermittent Electrical Connections

Recondition your electrical connections with the first tools for cleaning and rejuvenating old, dirty plow connectors. This 3-pc. set is made for removing corrosion from common round pin (male and female) plow connectors found on electro-hydraulic grill mounted plow connectors such as Meyers, Boss, Fisher, Western plows and similar. Get more life out of your expensive connectors.

### Features and Benefits
